

# Our SUPPLIERS

# Oddkin Coffee

After what felt like hundreds of trials with different beans and roasts, none quite hitting the mark for Coffee Trunk, Amie finally discovered Oddkin Coffee - a fantastic roaster based in Bristol.

The brilliant team at Oddkin - Joe, Al, Jess, Christina, and Sam- bring a wealth of knowledge and experience, which has been invaluable in creating an exceptional cup of coffee for our events.

The Clubhouse blend, used by Coffee Trunk, has an Omni roast profile, making it perfect for any brewing method and ensuring a consistently great taste. With rich notes of chocolate, caramel, and plum, this well-balanced blend combines natural and washed beans from Brazil (Bossa Nova) and Colombia (Popayan).

We also offer a fully washed Popayan Decaf with notes Cinnamon, dark chocolate & rose. It doesn't taste like the chemically decaf coffee you may have tried before, it's a decaf that actually tastes like coffee. We've put an extra grinder in Coffee Trunk to grind your decaf to order so it's as fresh as it can be.

# Bakes

## Coffee Trunk X Bostin Bakery

Have you ever tried a New York style cookie? Think a chunky soft centred cookie with a slightly crumbly texture on the outside.

Bostin Bakery is based in Willenhall in The Black Country (around 20 miles from us). The wonderful owner Liz, puts her heart and soul into creating the mouth-watering delights you see in this photo.

## Coffee Trunk X Mystery

We are currently in the process of nailing down our pastry supplier to offer those moreish croissants and savoury pastries that go so well with your favourite coffee.

Once confirmed we'll be able to share with you our new bakery partner in this area. Keep your eyes peeled.

## Coffee Trunk X Gracie Rose

Gracie Rose Bakery has been our beloved local baker from the very start. Known for creating beautifully moist cakes and indulgent, rich brownies & blondies, their treats have always been a crowd favourite.

Natalie, the talented owner, never fails to deliver the most delectable creations. With the bakery just a quick five-minutes drive away, the convenience only adds to ensuring every bite as fresh as it gets.

**We supply all allergen information so it is available to any customer enjoying a treat from us, but if you have any concerns about any specific allergens or dietary preferences, speak to us.**

**\*\*Please note where we cannot support local, we will use an online bakery as an alternative.**
