Trunk Latte - Sip on some golden goodness with our special take on a turmeric latté but we add extra vanilla for a sweet finish. Your daily dose of sunshine in a cup.

Ele's Matchai - Chai and matcha together? Imagine a spiced chai combined with earthy notes. A complete energy booster without any coffee. Have it hot or over ice.

Coffee Trunk X Bostin Bakery

Have you ever tried a New York style cookie? Think a chunky soft centred cookie with a slightly crumbly texture on the outside.

Bostin Bakery is based in Willenhall in The Black Country (around 20 miles from us). The wonderful owner Liz, puts her heart and soul into creating the mouth-watering delights you see in this photo.

Coffee Trunk X Mystery

We are currently in the process of nailing down our pastry supplier to offer those moreish croissants and savoury pastries that go so well with your favourite coffee.

Once confirmed we'll be able to share with you our new bakery partner in this area. Keep your eyes peeled.
